*Groundwork USA
envisions a world in
which everyone lives in
a community that is
healthy, green, just, and
resilient.*

NONPROFIT BROWNFIELD TECHNICAL ASSISTANCE PROGRAM

Nationwide capacity building program specifically tailored to nonprofits

- Increase the capacity of non-profits working in communities with brownfields, to transform those spaces so all **communities can benefit from a safe and healthy environment**
- **Transforming spaces into community assets** such as parks, trails, urban farms, community centers, recreational facilities, affordable housing and commercial space, farmers markets, arts and culture centers, and more
- **Improve public health** in their communities

Thank you to the EPA's Office Of Brownfields and Land Revitalization for providing grant funding to support Groundwork USA's brownfield technical assistance program.

Community Leadership, Changing Legacy: Locally- led Change in Paris, KY

Short film screening & panel with
The Paris Westside Neighborhood Association

Thursday, Feb 6th

1PM ET | 10AM PT

The graphic features a filmstrip on the right side with four frames: a meeting, a group of people, an aerial view of a neighborhood, and a group of people standing outdoors.

1

Discover how transforming brownfields can enhance local environments, boost public health, and improve economic conditions.

2

Explore how residents, advocates, and agencies can collaborate to drive brownfield redevelopment and create lasting community-led change.

3

Understand how addressing past land use decisions that have harmed communities can lead to long-term, sustainable solutions that put residents' needs first and create lasting positive change.
